

The image displays a variety of natural, biodegradable tableware items arranged on a textured, greyish-brown surface. In the upper left, a large, round, light-brown plate with a subtle concentric ring pattern is shown. To its right, a smaller, matching paper cup is positioned. In the lower right, another large, round plate is visible, partially overlapping the bottom edge. On the left side, a set of cutlery, including a knife with a serrated edge and a fork, is laid out. A folded, light-brown paper napkin is tucked under the cutlery. The overall aesthetic is clean, minimalist, and eco-friendly.
